VISION

DIGITAL TRANSFORMATION OF YOUR BUSINESS FOR BETTER ROI

MISSION

To provide innovative and effective WOW factors through our professional services, which enhance the competitiveness, responsiveness, and agility of your company in the increasingly digital world.

OUR CEO

Fasalurahman Moolayil

Founder & CEO

“ If i cannot do great things, I can do small things in a great way ”

The Founder & CEO of our business, Mr. Fasalurahman Moolayil, came up with the name “Webeaz” in 2008 with the goal of helping people grow their businesses with technology innovations and digital transformation. He is a Digital Marketer, Technologist & eCommerce Expert by profession and a business growth expert. He has been working in the field of digital marketing since 2008 and is a passionate specialist. He is a qualified professional with strong technical and marketing skills who works closely with his teams.

He has more than 20+ years of varied experience in B2B and B2C businesses. Also, having a wide range of experience in engineering department with website application development, mobile app development and so on. He is deeply dedicated to creating innovative approaches for assisting business owners in digitally accelerating the growth of their businesses. Even so, he expresses a strong desire to stay up to date on technological and digital marketing trends. His opulent leadership qualities motivate the Webeaz team to exert their best effort.

A person in a dark suit is shown from the chest down, pointing their right index finger towards a glowing blue bar chart. The chart is overlaid on a dark blue background. The chart has 12 bars representing months from Jan to Dec. A glowing blue line graph with a green arrow at its tip is drawn over the bars, showing an upward trend. The y-axis of the chart is labeled with values from 5000 to 50000 in increments of 5000. The x-axis is labeled with the months: Jan, Feb, Mar, Apr, May, Jun, Aug, Sep, Oct, Nov, Dec. The person's hand is in the foreground, and the chart is in the background.

WHY WEBEAZ

Creating the perfect combination among Creativity, Technology and Marketing

Providing a full end-to-end digital service, we at Webeaz adopt a creative approach in every step of the process. We think from our customers' perspective in order to provide solutions that uniquely satisfy each customer's needs within budget and with reliable processes and a flexible delivery model. Above all, we value our integrity in everything we do. By collaborating with you, we apply our ideas to your business strategies and come up with something unique that your customers will fall in love with.

No matter whether you are a startup, middle-level, or well-established business, you must have the desire to grow your business. We at Webeaz "Makes Your Business Easier" by offering the right combination of innovative technology and digital marketing services. We deliver turn-key solutions that simplify the process of growing your brand.

WHAT WE DO

We don't just make ideas; we shape ideas to come into being!

We are committed to assisting organizations in transforming and thriving in this digital era. A variety of services are offered by our team of experts to assist businesses in embracing digital technologies and processes, streamlining their operations, and fostering growth. ERP Software, Website & Mobile Application Development, eCommerce Development, Digital Marketing Services, and Social Media Promotions are some of the services we offer. Our strategy is to collaborate closely with our clients to understand their specific needs and objectives. Then, in order to give our clients, the best results possible, we customize our solutions to meet those needs. We think that digital transformation is about more than just technology; it's about enhancing customer and employee experiences, boosting productivity, and fostering business expansion.

It is not that significant "what we do", "how we do your job" matters a lot!

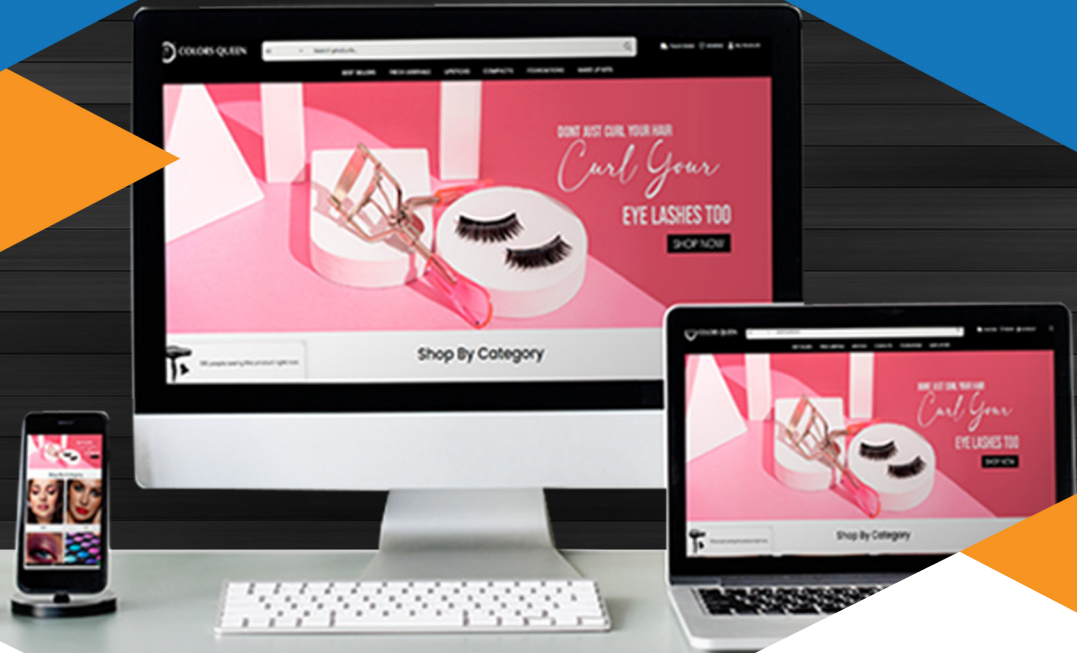

HOW WE DO

Our Ideology is driven by our passion to deliver excellence!

'Webeaz Technologies' has created a solid foundation for its employees to always go the extra mile. Ours is a dedicated team of technologists and creative marketers who are always enthusiasts for thorough know-how in working for various industries like eCommerce, Education, IT Software &, Hardware, Retail, Travel, Finance, Manufacturing, Automotive, Tele Communications, and whatnot. Every professional is committed to going above and beyond to exceed the customers' expectations. The framework for the functional values with which our decisions, behaviours, and activities are based upon. We guarantee on-time completion, thorough expertise, one-of-a-kind service, and a cost-effective approach to any of your assigned projects.

Failure never defeats us because we are focused on customer satisfaction rather than business success!
